DONOR CONCEPTION NETWORK

Lawyer Supporter Scheme

Information Leaflet

What is the Donor Conception Network?

The Donor Conception Network (DCN) is a charity that provides essential resources to support the creation of families by donor conception. We help would-be parents navigate the complex world of donor conception and surrogacy, and support DC families as children grow.

What is the Lawyer Supporter Scheme?

We are looking for **ongoing support from specialist family lawyers** who understand the challenges of the complex area of fertility law and who are keen to work with us as we develop our next exciting areas of support, research and direct work with individuals, families and children.

What are the benefits to your clients?

We are regularly contacted by people needing specialist support on a range of donor conception related issues. Your membership as a **DCN Lawyer Supporter** is a tangible way of demonstrating to your clients that you are part of a small expert group of family lawyers specialising in this complex area of fertility law.

The benefits to you

Our **Lawyer Supporter Scheme** offers you the opportunity to support DCN's work and to develop a longstanding relationship with us as we continue to develop our expertise as a **leading authority in donor conception**.

Here's what we offer our lawyer supporters:

- A listing on our website
- A DCN Lawyer Supporter badge to use across your digital platforms
- DCN professional membership for up to 5 staff
- Digital and printed copies of our magazine, *DCN Perspectives*
- A chance to tender contributions to our magazine and website
- Our regular *Friday Bulletin,* curating the latest news and insights
- The opportunity to attend DCN member events
- Support for staff on donor conception-related questions

> **Joining DCN's Lawyer Supporter Scheme has been a valuable way for us to demonstrate our commitment to donor conception families**
>
> *- Eleanor Tanner, Senior Solicitor, KJ Smith Solicitors*
